EXPERIENCE

OurStory.com (Wisdomark) - Web Designer
September 2006 - March 2007

Worked with Product Team creating wire frames, interfaces and layouts for the various pages and modules of the site. Verified functionality of Product Specs through Photoshop mocks, and prototyping. Designed visual look and feel under the guidance of the Product Team. Worked with the Engineering Team to fully rendering Photoshop mocks into the product through XHTML and CSS. Decided on optimal coding methods and CSS implementation under the guidance of the Engineering Team. Regular meetings with Product Team and Engineering Team to kick off new ideas and strategies, implement and optimize existing code, and troubleshoot design and engineering challenges.

Nitro Snowboards - Freelance XHTML & CSS Developer
June 2006 - September 2006

Worked with designers to implement a complete visual, interface and data redesign of Nitros existing website. Wrote the core XHTML markup, product modules and all CSS cosmetics of the site.

Focus Design Studios - Web Designer
January 2006 - June 2006

Designed logos, interfaces, CSS driven layouts, and graphic content. Helped the studio transfer older methods of table based web design to web standards and CSS layouts.

Eastlake Yoga - Freelance Web & Graphic Design
February 2004 - September 2005

Designed and maintained all event promotions, web site and the monthly newsletter promoting the studio, workshops, and monthly events.

Cantrall & Associates - Lead Web & Graphic Designer
March 2003 - November 2005

Created, directed and maintained, all creative content, print & web design systems for Cantrall & Associates and their clientele. Clients included: American Orthopedic Foot and Ankle Society, National Federation of Paralegals, Board for Certification, American Academy of Oral Medicine and The International Ombudsman Association.

One Logic - Freelance Graphic Design
February 2003 - September 2003

Created logo, stationary, envelopes, letterhead, Power Point presentations and managerial briefs promoting One Logic problem solving techniques.

lamedia - Freelance Web & Graphic Design
June 2002 - December 2003

Designed lamedia's logo, web site, business card, letterhead and envelope. Also created promotional flyers and posters advertising lamedia events.
